West Palm Beach, FL 33406

Dear Mr. Perry,

Palm Beach County is undoubtedly the Major League Baseball (MLB) Spring Training Capital of Florida. Since 1998, Palm Beach County has been home to Roger Dean Chevrolet Stadium in Jupiter, which was the first baseball complex in Florida to host two (2) MLB teams for Spring Training. Today, Roger Dean Chevrolet Stadium is occupied by the Miami Marlins and St. Louis Cardinals. In 2017, Palm Beach County delivered Florida its second two (2) team MLB Spring Training Complex with the development of The Ballpark of The Palm Beaches. Located in West Palm Beach, The Ballpark of The Palm Beaches is the spring training home to the 2022 World Series Champion, Houston Astros and Washington Nationals. The Palm Beaches represent Florida's only county that maintains two, two-team complexes. In total, four (4) of the fifteen (15) MLB teams participating in Florida's Grapefruit League are playing baseball in Palm Beach County.

The Ballpark of The Palm Beaches' seating capacity is over 7,700 for a single game while Roger Dean Chevrolet Stadium's seating capacity reaches nearly 7,000 per game. Palm Beach County was home to 25% of Florida's spring training games in 2023. Between The Ballpark of The Palm Beaches and Roger Dean Chevrolet Stadium, a total of 59 spring training games were scheduled in The Palm Beaches from February 25th to March 26th, 2023. The total attendance for this spring training season equaled 238,014, which represents 68,270 unique attendees.

The Palm Beach County Sports Commission sourced Downs & St. Germain Research to conduct an economic impact study for the 2023 MLB Spring Training season taking place at Ballpark of The Palm Beaches and Roger Dean Chevrolet Stadium. Downs & St. Germain Research is a full-service market research firm based in Tallahassee, which was sourced by the Florida Sports

Foundation to produce an economic impact study on MLB Spring Training taking place in Florida's Grapefruit League in 2018.

In 2023, MLB Spring Training generated a total economic impact of \$79.5 million in Palm Beach County. The Ballpark of The Palm Beaches accumulated a total attendance of 106,912 over 30 games with an economic impact of \$40.2 million. Roger Dean Chevrolet Stadium amassed a total attendance of 131,102 over 29 games while spurring an economic impact of \$39.3 million.

Of those that attended MLB Spring Training baseball at The Ballpark of The Palm Beaches and Roger Dean Chevrolet Stadium, 53% were nonresidents. A total of 40% of attendees traveled from across the nation while 13% of the attendees traveled from across Florida. **MLB Spring Training was responsible for 55,200 room nights in Palm Beach County hotels, vacation rentals, and other paid accommodations.**

The attendance, economic impact, and tourism benefits can be influenced by many factors, but Palm Beach County is fortunate to have partnerships with the, Houston Astros, Washington Nationals, St. Louis Cardinals, and Miami Marlins. These teams represent vibrant travel markets that are important to Florida's economy. The Houston Astros won their second World Series Championship since The Ballpark of the Palm Beaches' opening, and their fan-base was motivated to celebrate this success. The Houston Astros represents one of two MLB teams from Texas, which is the third largest origin state for Florida visitors. Houston ranks as the 11th largest travel market for Florida. The Washington D.C. market is considered one of Florida's strongest origin markets, ranking six (6). Individuals from Washington D.C. and surrounding areas are seeking inspiration to visit the state. As one of the premier brands in Major League Baseball, the St. Louis Cardinals own a dedicated and loyal following from St. Louis and the surrounding Missouri towns, as well as the metro east Illinois area. The St. Louis Cardinals have one of the most faithful and active fan bases in sports and Palm Beach County is a routine spring vacation destination for these baseball enthusiasts across the Midwest. The Miami Marlins represent one of only two MLB franchises in Florida. The Miami Marlins created visitation to Palm Beach County through drive markets.

The Ballpark of The Palm Beaches in combination with Roger Dean Chevrolet Stadium transformed Palm Beach County into the premier destination for amateur baseball events. The nation's largest baseball tournaments are taking place in Palm Beach County, including some of the most admired brands in amateur baseball. These baseball tournaments are utilizing The Ballpark of The Palm Beaches and Roger Dean Chevrolet Stadium, creating year-round activity. In addition to baseball, The Ballpark of The Palm Beaches has the capability of hosting a multitude of other sports activities. The complex features five (5) multi-purpose fields, designed to FIFA

(Fédération Internationale de Football Association) soccer specifications. The multi-purpose fields are an ideal home for field sports, such as soccer, lacrosse, rugby, field hockey, flag and tackle football, and more. The economic benefits derived from amateur baseball tournaments and other sports activities are substantial.

Major League Baseball, and specifically, the, Houston Astros, Washington Nationals, St. Louis Cardinals, and Miami Marlins have been, and will continue to be an extremely beneficial investment for Palm Beach County and the state of Florida. The Palm Beach County Sports Commission looks forward to utilizing baseball as a catalyst in generating tourism, visitor spending, and hospitality-related jobs.

Sincerely,

George Linley
